**Subject:** Microsoft Settlement

It is incredible that the chief monopolist AOL whose subscribers have to do some work to get to use either Internet Explorer or Netscape is suing Microsoft.

Those who can like Microsoft, innovate. Those who cannot like AOL, sue to paper over their financial and technical difficulties.

The Microsoft attack action over the past three years has had a deleterious effect on our economy and investments.

Please settle this case and let us all move on.

Thank you,  
Sylvia Sur
